Our Ref: HOG10/35283

Mr Julian Anderson
Managing Director
AVG Australian Valve Group P/L
PO Box 430,
Belmont WA 6984

Dear Mr Anderson,

Thank you for the information on the specification and the introduction of AVG Australian Valve Group P/L for the following products:

- AVG Tempering Valves.
- AVG Thermostatic Mixing Valves.

Based on the information provided, the above products has been assessed and accepted for inclusion in the "*Deemed to Comply Product Register*".

This acceptance will cease to be valid if the product specifications are changed and the product will be removed from the "*Deemed to Comply Product Register*" immediately and the use of the product in Housing NSW properties will be suspended.

Housing NSW reserves the right to revise the requirements and assessment criteria for products. In case of such a revision, the product would be re-evaluated to determine its acceptability.

Contact Robert Willacy on 8753 8688 if you need any further information or clarifications.

Yours sincerely,

Upali Mallawaarachy
Senior Technical Advisor
